

**Special Day on**  
**DIFFERENTIAL GEOMETRY AND RIGIDITY**

Wednesday, January 25, 2006

*Department of Mathematics*  
*Columbia University*

Yum-Tong Siu (Harvard University)

Title to be announced

2:00-3:00 PM

Mu-Tao Wang (Columbia University)

*“On fixed point theorems and the heat equation”*

3:15-4:15 PM

Tea Break

Ngaiming Mok (University of Hong Kong)

*“Extension of germs of holomorphic isometries*  
*with respect to the Bergman metric”*

4:45-5:45 PM

*All talks in the Mathematics Building, Columbia University*  
*Room 520*
