Instructor:
Prof. Jo Nelson
e-mail: jo.nelson@rice.edu
Office: 450 Hermann Brown Hall (HBH)
Office hours: Monday and Wednesday 11-12pm

http://www.math.rice.edu/~jkn3/calc3.html

Dates and Locations:
Lectures: 10-10.50am MWF, Duncan Hall 1070
Recitations: TBA

Midterm 1: 7-9pm Thursday September 27, 2018
Midterm 2: 7-9pm Thursday November 8, 2018
Final Exam: TBA by the Registar

Grading Policy:
There will be two midterms and one final. There will also be weekly homework assignments. **No outside notes, calculators, or other electronic devices (such as cell phones) will be allowed to be used on exams.** The exams are pledged. If the Honor Council rules against a student, the recommended penalty will be a 0 on the exam, and in the case of a final, an F in the course.

The lowest homework grade will be dropped and 80% of your course grade will be based on the exams, based on the most beneficial combination below. The grade breakdown will be:

- Midterm 1/Midterm 2/Final: $80\% = \max(25/25/30, \ 20/25/35, \ 25/20/35)$

- Homework: 19%

- Syllabus Awareness: 1%

To earn Syllabus Awareness credit, please email me the with subject 'Syllabus Awareness' and include the dates of the exams, the day that homework is due, and the permissible situations and documentation required for a make-up exams.
When computing final course grades, a student's exam scores are normalized against scores of all students in Math 212 this semester, not just those in this section.

Textbook: openstax, *Calculus Volume 3*
https://openstax.org/details/books/calculus-volume-3

Homework: *All homework questions should be posted to Piazza.*
WebAssign/WebWork will NOT be used. Written homework assignments are to be scanned and uploaded to http://gradescope.com on **Fridays** by noon.
    The homework is not pledged and you are encouraged to work together with your classmates on the assignments. However, you must write up your solutions individually. You are not allowed to look up solutions in any written form; in particular, you are not allowed to look up solutions online. Students caught violating this rule will be reported to the Honor Council. Do not use calculators or outside software unless otherwise specified. **Late homework will not be accepted, barring documented illnesses and emergencies.** Your lowest homework score will be dropped.

Math Help:
For help, you can stop by my office hours (listed above), post questions on Piazza, or go to the evening TA recitation sessions TBA.
If you think you need tutoring, you may find the following link useful:
http://math.rice.edu/Outreach/Forms/tutor.html

Exam Conflicts and Make-ups:
It is your responsibility to inform me in writing as soon as possible and no later than one month before each exam if you have a conflict with an exam. An attempt will then be made to arrange for one of the instructors to schedule a make-up exam on a different day. Examinations are not rescheduled to accommodate travel plans. **In the event of illness or family emergency I must be notified ideally at least 24 hours in advance and documentation from the dean/magister must be provided to me.**

Disability-related Academic Accomodations:
In order to receive disability-related academic accommodations, students must first be registered with the Disability Resource Center (DRC). Students who may need accomodations in this course should give me a written letter from the DRC within the first two weeks. More information on the DRC registration process is available online at https://drc.rice.edu/.

Registered students must present an accommodation letter to the professor before exams or other accommodations can be provided. Students who have, or think they may have, a disability are invited to contact DRC for a confidential discussion.
