

**ALGEBRAIC GEOMETRY SEMINAR
AT COLUMBIA UNIVERSITY**

2:00 pm:

Prakash Belkale

University of North Carolina

Rigid local systems and quantum cohomology
of the Grassmannian

3:30 pm:

Johan de Jong

Massachusetts Institute of Technology

The thesis problem I couldn't solve

5:00 pm:

Rahul Pandharipande

Princeton University

The quantum cohomology of the Hilbert scheme
of points of the plane

Friday, December 3, 2004

520 Mathematics Hall

LAST SEMINARS OF THE SEMESTER

Tea will be served at 3:00 pm in 508 Mathematics.

The Columbia Mathematics Department is at 117th Street and Broadway in Manhattan.
