

Major in Mathematics requirement checklist

This form is for your convenience and does not replace the [bulletin](#).

Please complete this form for approval by a department adviser early in the semester of the expected graduation date; attach copies of emails approving transfers/substitutions/electives.

Personal information

Last Name		Given name	
Preferred name		UNI	
☐ Columbia College	☐ School of General Studies		
☐ Dual degree program:			

AP Credits

- ☐ 0 Credits
- ☐ 3 Credits: a score of 4 or 5 on the AP Calculus AB exam, a 4 on the AP Calculus BC exam, or a 6 on the IB Mathematics: analysis and approaches HL exam, upon completion of either Calculus 2 or Calculus 3 with a grade of C or higher.
- ☐ 6 Credits: a score of 5 on the AP Calculus BC exam or 7 on the IB Mathematics: analysis and approaches HL exam, upon completion of Calculus 3 or Accelerated Multivariable Calculus with a grade of C or higher.

☐ Other,
explain:

Please verify AP credits are correctly registered in SSOL; otherwise consult with your CC/GS advisor. See [Credit for Previous College-level work](#).

Placement

In some situations (see [Placement](#)) students may be allowed to place out of Calculus 1 and/or 2 without receiving matching AP or transfer credits. In this case the missing credits have to be replaced by an additional approved course(s) (e.g. Math UN2000). If applicable, explain:

For questions on AP, transfer and placement for Calculus and Linear Algebra courses, please consult the Calculus Director.

Calculus and Linear algebra sequence¹

Calculus I + Calculus II + Calculus III + Calculus IV+ Linear Algebra
 or Calculus I + Calculus II + Accelerated Multivariable Calc + Linear Algebra
 or Calculus I + Calculus II + Honors Math A + Honors Math B

Code	Course name	Term	Grade

Core requirement

12 points in: MATH GU4041, 4042, 4061, 4062²

Code	Course name	Term	Grade

Undergraduate seminar

MATH UN3951 *or* MATH UN3952³

Code	Course name	Term	Grade

Electives

12 points in electives, selected from: Courses offered by the Math department numbered 2000 or higher⁴, and [approved cognate courses](#) (maximum of 6 credits for cognate courses).

Code	Course name	Term	Grade

¹ 13-15 credits including AP credits

² Students who are not contemplating graduate study in mathematics may replace one or both of the two terms of MATH GU4061- MATH GU4062 by one or two of the following courses: MATH UN2500, 3007, 3028, 4032

³ Only one Undergraduate Seminar may count towards the major requirements.

⁴ Explicit prior approval of the DUS required for courses coded GR 5000 and higher.

Transfer

If applicable, please enter here courses taken at another institution used to fulfill a major requirement. All transfers have to be approved by departmental advisor(s) (Calculus director for Calc/Linear algebra/ODEs). For study abroad, consult your departmental advisor in advance of registration. Please verify that transfer credits are correctly entered in SSOL, and check with you CC/GS advisor regarding transfer credit limits.

[illegible]

Grading

No course with a grade of D or lower can count toward the major, with the exception of: a P for the first course taken in the major; any sporadic exception allowed by the COI (P in any class in SP20; one P in F20, SP21, F21; two Ps in SP24).

Double-Counting

See [Departmental Major/double-counting](#). Calculus I to IV/Accelerated Multivariable Calc/Honors Math A-B/Stat 1201/COMS 1004 ('introductory courses') may be freely double-counted with another program (second major, or concentration/minor). In addition to these, a maximum of two courses may be double-counted, subject to approval of all concerned departmental advisors (Math+department(s) offering the second program). If applicable, record here non-introductory courses claimed for double-counting.

Code	Course name	Second program	Term	Grade

Additional comments and information (if needed)
